

European Space Weather Week 2025 - cloned July 3

Thursday, 6 November 2025

APL1 - Space Weather Services and Alerts for End-Users: Bridging Forecasting, Infrastructure, and Communication:
Orals - part 1 (10:45 - 12:15)

-Conveners: Judith de Patoul; Kasper van Dam; Francois-Xavier Bocquet; Mpho Tshisaphungo

time	[id] title	presenter
10:45	[252] The May 2024 geomagnetic storm – an operational forecaster’s perspective	LOCK, Chris
11:03	[176] The ACFJ Consortium’s Provision of GNSS Advisories for the ICAO Space Weather Service	THOMAS, Simon
11:21	[337] Updates and developments in the services of STCE to Aviation	Dr MILLAS, Dimitrios
11:39	[20] Space weather risks in defence operations: radio and radar systems	BRCHNELOVA, Michaela
11:57	[340] End User-Focused Space Weather Training led by CCMC	Dr ZHENG, Yihua

Friday, 7 November 2025

APL1 - Space Weather Services and Alerts for End-Users: Bridging Forecasting, Infrastructure, and Communication:
Orals - part 2 (08:30 - 09:30)

-Conveners: Judith de Patoul; Kasper van Dam; Francois-Xavier Bocquet; Mpho Tshisaphungo

time	[id] title	presenter
08:30	[202] Bridging Forecasting and Communication with H3lioViz: A Cloud-Based Visualization Tool for Operational Space Weather Models	KNUTH, Jenny
08:48	[269] User-tailored space weather bulletins developed within ESA's Space Weather Service Network	KINDARKHEDIA, Dhiren
09:06	[233] The Solar Wind Scoreboard hosted by NASA's CCMC	REISS, Martin
