COST ES1206 Sub-Working Group "Data Homogenisation": 1st Workshop - Brussels, Belgium

Tuesday, 26 April 2016

<u>**Technical Session on Homogenization Algorithms**</u> **- Nadir Room (14:25 - 16:00)**

  -Conveners: Eric Pottiaux; Roeland Van Malderen

time	[id] title	presenter
14:25	[1] Statistical method for change-point detection in daily and monthly time-series	ELIAS, Michal
14:45	[8] Discovering Singular Spectral Analysis and Bootstrapping	Mr MIIDLA, Peep
15:05	[16] Development of New Segmentation Algorithms for the Homogenization of GNSS IWV Data	Dr BOCK, Olivier
15:25	[20] Robust, non-parametric techniques for the identification of change-points in the mean	Dr VAN MALDEREN, Roeland
15:45	[22] Open Discussion
